100-Word Product Description	The CORSAIR M55 RGB PRO Gaming Mouse offers game-winning versatility with an ambidextrous design that fits any grip or hand, and a highly precise 12,400 DPI optical sensor. Its durable construction, complete with 50 million click-rated Omron switches and a premium braided cable, stands up to the rigors of intense gaming while minimizing fatigue with a remarkably light weight of just 86g. Start gaming immediately with simple plug-and-play setup out of the box. Take full control with powerful CORSAIR iCUE software, enabling you to swap between left and right-handed modes, assign macros and remaps to eight programmable buttons, customize RGB backlighting, and manage five DPI settings that can be switched on the fly. No matter how you choose to play, stand up to any challenge with the M55 RGB PRO.
50-Word Product Description	The CORSAIR M55 RGB PRO Gaming Mouse offers game-winning versatility with an ambidextrous design that fits any grip or hand, and a highly precise 12,400 DPI optical sensor. Its durable construction stands up to the rigors of intense gaming while minimizing fatigue with a remarkably light weight of just 86g. Start gaming immediately with simple plug-and-play setup and put versatility in your hands.
25-Word Product Description	The CORSAIR M55 RGB PRO Gaming Mouse offers game-winning versatility with an ambidextrous design that fits any grip or hand, and a highly precise 12,400 DPI optical sensor.
Product Features (Style 1)	<ul style="list-style-type: none"> • Play at your highest level with a versatile ambidextrous design that lets you game in either hand with your most comfortable grip, be it palm, claw, or fingertip. • Take precise control over your gaming thanks to a 12,400 DPI optical sensor for high-accuracy tracking. • Incredibly lightweight at just 86g, so that you can play effortlessly at your top form for hours. • Durable construction featuring 50 million click-rated Omron switches and a premium braided cable gives the M55 RGB PRO the strength to withstand years of intense gaming sessions. • Create an in-game advantage with eight fully programmable buttons for powerful macros and remaps. • Ready to game right out of the box—just plug in through a USB port and start taking down the competition. • Powerful CORSAIR iCUE software lets you switch from left to right-handed mode, customize macros and button remaps, control and synchronize RGB lighting across all compatible CORSAIR devices, adjust DPI settings, and more. • Illuminated by dynamic, customizable RGB LED backlighting with dozens of customizable presets and effects. • Be ready for anything with the ability to switch your DPI on the fly between five separate settings at the click of a button, all customizable within CORSAIR iCUE software.
