**WIN WITH SCIENCE.**

logitech

## Logitech® G240 Cloth Gaming Mouse Pad
The cloth surface of the Logitech® G240 Cloth Gaming Mouse Pad provides ideal surface friction for low-DPI gaming, improving mouse control and precise cursor placement. Rapid and abrupt starting, stopping and changes in direction are no problem with G240. Consistent surface texture improves sensor performance, especially when used with Logitech G gaming sensors. And the soft rubber base maintains stability without sacrificing comfort.

## Key features
Logitech® G240 Cloth Gaming Mouse Pad.
Elevate your control, elevate your game.

• Moderate surface friction
• Consistent tracking surface
• Stable, comfortable base
## Compatibility

## What's in the box
• Mouse pad
• User documentation
• 3-year manufacturer's guarantee and full product support

## Package specifications
| | |
|---|---|
| Weight: | 0.175 kg |
| Width: | 9.00 cm |
| Height/depth: | 31.00 cm |
| Length: | 7.80 cm |

## Medium-friction surface
Moderate surface friction. Moderate surface friction gives the right amount of resistance to the mouse feet when starting or stopping a rapid or sudden movement common to low-DPI gaming.

## Consistent surface texture
Consistent surface texture. The consistent surface texture provides the sensor the optimal imagery for translating mouse movement into cursor movement, an improvement over often inconsistent or dirty

## Optimal Logitech G sensor surface
Matched to Logitech G sensors. Using a surface texture closest to the optimal testing environment, G240 gives gamers access to the fullest Logitech G mouse sensor accuracy and precision.

## 1 mm thin rubber base
Stable, comfortable rubber base. Low-DPI gamers make broad, fast hand movements. The rubber surface helps keep the flexible surface in place and prevents the cloth from bunching up in front of the mouse and

**table or desk surfaces.**

**interfering with smooth mouse movement. The soft material improves comfort as the wrist moves back and forth across the mouse pad's edge.**
