Password	Rs@arww24

## Overview

### 25 Word Product Description

Get your PC cooling setup off on the right foot with a CORSAIR RS140 ARGB 140mm PWM Fans Dual Pack, offering daisy-chained 4-pin PWM and +5V ARGB motherboard control.

## Overview

### 50 Word Product Description

The CORSAIR RS140 ARGB 140mm PWM Fans Dual Pack features daisy-chained connectors for streamlined control through one 4-pin PWM and one +5V ARGB header on your motherboard. Fan speeds up to 1,700 RPM and CORSAIR AirGuide technology deliver optimal cooling. Enjoy quieter, longer-lasting performance with Magnetic Dome bearings while lighting up your build with simple +5V ARGB motherboard control.

## Overview

### 100 Word Product Description

The CORSAIR RS140 ARGB 140mm PWM Fans Dual Pack gets your PC cooling setup off on the right foot with two efficient and reliable fans. Daisy-chained connectors let you link multiple fans together and control them all through just one 4-pin PWM and one +5V ARGB header on your motherboard. Enjoy fan speeds up to 1,700 RPM, with the static pressure to also serve as radiator fans. CORSAIR AirGuide technology with anti-vortex vanes directs airflow for concentrated, powerful cooling. Eight LEDs light up your build with simple +5V ARGB motherboard control. Magnetic Dome bearings ensure quieter operation and increased longevity, while Zero RPM mode offers silent operation at low loads.

## Features

- **Streamlined Fan Connections:** Daisy-chain multiple fans together and control them all through just a one 4-pin PWM connector and one +5V ARGB connector.
- **Lighting Made Easy:** Eight LEDs per fan shine bright with customizable lighting through your motherboard's built-in ARGB control (requires compatible motherboard).
- **Precise PWM Speeds:** Set your fan speeds up to 1,700 RPM while providing up to 95.5 CFM airflow to your system.
- **CORSAIR AirGuide Technology:** Anti-vortex vanes direct airflow at your hottest components for concentrated cooling, pushing air in the direction you need when mounted to a radiator or heatsink.
- **High Static Pressure:** RS fans work well as radiator fans with a static pressure of 3.46mm-H2O to push through obstructions.
- **Quiet Operation with Magnetic Dome Bearing:** CORSAIR's Magnetic Dome bearing minimizes noise and reduces friction for greater longevity.
- **Zero RPM Mode:** Supports Zero RPM PWM signals to completely eliminate fan noise at low loads.

## Tech Specs

Dimensions (mm):	140mm x 140mm x 25mm
Rated Current - Fan:	0.45A
Speed:	0, 330 - 1700 RPM ±10%
Airflow:	14.6 - 95.5 CFM
Static Pressure:	0.11 - 3.46 mm-H2O
Sound Level:	10 - 36 dBA
Connection cable:	PWM
PWM Control:	0%, 20% - 100%
Bearing Type:	Magnetic Dome
Cable Length:	600mm
Warranty:	5 Years

## Box Contents

2x RS140 ARGB Fans  
8x Mounting Screws
