

SKU Live Date	Aug, 2019
Product Full Name/Title	CORSAIR VENGEANCE LPX 32GB (2 x 16GB) DDR4 3600 (PC4-28800) C18 1.35V Desktop Memory - Black
Part Number/UPC	CMK32GX4M2D3600C18 840006618676
Search Key Words	DDR4, overclock, DRAM, RAM, gaming RAM, performance RAM, Vengeance, 32GB DDR4, memory,
Product Imagery	<a href="#">Images</a>
Product Video	<a href="#">Product Video</a>
Compatibility List	Recommended for DDR4 systems - Intel 100, 200, 300, or X299 Series with Core X Series i7-76xx or i5-76xx (codename: KabyLake-X) <a href="#">(full list on corsair.com)</a>

## Overview

VENGEANCE LPX memory is designed for high-performance overclocking. The heatspreader is made of pure aluminum for faster heat dissipation, and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest Intel DDR4 motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. VENGEANCE LPX DDR4 modules are compatibility-tested across Intel DDR4 motherboards for reliably fast performance. They're available in multiple colors to match your motherboard, your components, or just your style.

## Features

Feature	Benefit
<ul style="list-style-type: none"> <li>Designed for high-performance overclocking</li> </ul>	Each VENGEANCE LPX module is built with a pure aluminum heatspreader for faster heat dissipation and cooler operation; and the custom performance PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

<ul style="list-style-type: none"> <li>Low-profile heatspreader design</li> </ul>	The VENGEANCE LPX module height is carefully designed to fit smaller spaces.

## Tech Specs

- Density: 32GB (2x16GB)
- Speed: 3600MHz
- Tested Latency: 18-22-22-42
- Voltage: 1.35V
- Format: DIMM
- Pin Out: 288 Pin
- Heatspreader: Anodized Aluminum
- Compatibility: **Recommended for DDR4 systems - Intel 100, 200, 300, or X299 Series with Core X Series i7-76xx or i5-76xx (codename: Kabylake-X) ([full list on corsair.com](#))**
