

Vengeance LPX Series

High Performance overclocking for DDR4

SKU Live Date	Dec 7 th , 2015
Product Full Name/Title	CORSAIR Vengeance LPX 16GB (1 x 16GB) DDR4 DRAM 2666MHz C16 memory kit for DDR4 Systems
Part Number/UPC	CMK16GX4M1A2666C16 843591084260
Product Imagery	Images
Product Video	Product Video
Compatibility List	Intel® X99 and 100 series platform (full list on corsair.com)

Overview

Vengeance LPX memory is designed for high-performance overclocking. The heatspreader is made of pure aluminum for faster heat dissipation, and the eight-layer PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.

The DDR4 form factor is optimized for the latest Intel X99 and 100 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption than DDR3 modules. Vengeance LPX DDR4 modules are compatibility-tested across X99 and 100 Series motherboards for reliably fast performance. And, they're available in multiple colors to match your motherboard, your components, or just your style.

Features

Feature	Benefit
<ul style="list-style-type: none">Designed for high-performance overclocking	Each Vengeance LPX module is built with a pure aluminum heatspreader for faster heat dissipation and cooler operation; and the eight-layer PCB helps manage heat and provides superior overclocking headroom. Each IC is individually screened for performance potential.
<ul style="list-style-type: none">Designed for great looks	Available in multiple colors to match your motherboard, your components, or just your style
<ul style="list-style-type: none">Performance and Compatibility	Vengeance LPX is optimized and compatibility tested for the latest Intel X99 and 100 Series motherboards and offers higher frequencies, greater bandwidth, and lower power consumption.
<ul style="list-style-type: none">Low-profile heatspreader design	The Vengeance LPX module height is carefully designed to fit smaller spaces.

Tech Specs

- Density: 16GB (1x16GB)
- Speed: 2666MHz
- Tested Latency: 16-18-18-35
- Voltage: 1.2V
- Format: DIMM
- Pin Out: 288 Pin
- Heatspreader: Anodized Aluminum
- Compatibility: Intel® X99 and 100 Series platform ([full list on corsair.com](https://www.corsair.com/full-list-on-corsair-com))
