## Wireless Gaming Joy

Stay in full control of your games on Windows and Nintendo Switch with the Trust GXT 1230 Muta Wireless Gamepad. With motion controls, vibration feedback and a substantial battery life, this controller will have you playing for hours on end.

## No More Wires

Easily connect the controller to your PC/laptop with the included USB micro receiver, or use Bluetooth to connect with your Nintendo Switch. The built-in motion controls pick up the movement you make with the gamepad while playing on Switch, making full use of your wireless freedom. It also features vibration feedback, pulling you further into the game.

## Don't Stop to Charge

With up to 10 hours of playtime, you'll be able to use the gamepad for some marathon gaming sessions. Still want more? The rechargeable battery allows you to power up the controller while you're playing. Simply plug in the included USB-C cable.

## Play How You Want

Besides the 15 responsive buttons, including a record button for screenshots and recordings, the gamepad features 2 analogue joysticks and an 8-way D-pad, that can be customized to suit your tastes. Find out which style will let you rack up the highest scores!
