<b>Documentation</b>	<a href="#">QSG</a>
<b>100-Word Product Description</b>	<p>The CORSAIR K70 PRO TKL empowers you to react faster and overtake all opponents. Its ultra-quick performance is driven by CORSAIR MGX Hyperdrive magnetic switches with Rapid Trigger, which instantly resets keys to enable agile moves once thought impossible. K70 PRO TKL also utilizes FlashTap SOCD technology that optimizes movement keys across every game and genre. With 8,000Hz hyper-polling via AXON, actions register up to eight times faster than most gaming keyboards. MGX Hyperdrive’s Hall effect sensor calibrates each key’s actuation distance, from 0.1mm to 4.0mm*. And two layers of sound dampening tame typing sounds, for keypresses that sound as nice as they feel. When milliseconds matter, speed is everything, and K70 PRO TKL sets the pace.</p> <p>* Via FW update in September iCUE update in November Recommended range for best accuracy: 0.4-3.6mm</p>
<b>50-Word Product Description</b>	<p>The CORSAIR K70 PRO TKL empowers you to react faster and overtake all opponents. Its ultra-quick performance is driven by CORSAIR MGX Hyperdrive magnetic switches with Rapid Trigger, which instantly resets keys to enable agile moves once thought impossible. K70 PRO TKL also utilizes FlashTap SOCD technology that optimizes movement keys across every game and genre.</p>

<b>25-Word Product Description</b>	The CORSAIR K70 PRO TKL empowers you to react faster and overtake all opponents, with adjustable MGX Hyperdrive switches, Rapid Trigger, and an unbeatable typing sound and feel.																									
<b>Product Features</b>	<ul style="list-style-type: none"> <li>• <b>Speed is Everything:</b> To be first, you have to be fast. With Rapid Trigger, ultra-fast polling, and per-key adjustable switches, K70 PRO TKL removes every barrier that comes between you and gaming greatness.</li> <li>• <b>Rapid Trigger Advantage:</b> Rapid Trigger dynamically changes your keys' actuation and reset points, so you can move and reset your movements faster than ever.</li> <li>• <b>Think Fast, Think FlashTap**:</b> FlashTap is a revolutionary SOCD technology that puts the player in complete control of their movement keys. Easily master skilled actions, like counter-strafing and jiggle-peeking, with enhanced input prioritization.</li> <li>• <b>MGX Hyperdrive Magnetic Switches*:</b> Pre-lubricated CORSAIR MGX Hyperdrive magnetic switches deliver a smooth, ultra-responsive keypress. Its sturdy double-rail structure reduces wobble and guarantees peak performance for 150 million keystrokes – more durable than other magnetic switches</li> <li>• <b>Customizable Per-Key Actuation:</b> K70 PRO TKL utilizes Hall effect sensors to adjust the actuation point of each key, from a super-sensitive 0.1mm to a deep 4.0mm***, in 0.1mm steps. Set two actions to a single keypress with dual actuation for quick-fire combos.</li> <li>• <b>8,000Hz Hyper-Polling with AXON****:</b> CORSAIR AXON hyper-processing technology with 8,000Hz hyper-polling outpaces even your quickest reflexes, processing and transmitting inputs up to 8x faster than conventional gaming keyboards.</li> <li>• <b>Game Faster with Game Mode:</b> Instantly switch to competition-optimized settings with one button. Game Mode lowers latency and readies your keyboard for high-stakes gameplay.</li> <li>• <b>Ultra-Satisfying Typing Acoustics:</b> Two sound dampening layers made from premium foam material, plus pre-lubricated stabilizers, temper unwanted pings and clacks for more satisfying, subdued typing.</li> <li>• <b>Space-Saving Tenkeyless Layout:</b> The sleek, streamlined tenkeyless layout fits into every gaming setup, while leaving room for sweeping mouse movements.</li> <li>• <b>Cushioned Magnetic Palm Rest:</b> A detachable magnetic palm rest positions your hands in the ideal spot, so you can play in comfort for hours at a time.</li> <li>• <b>Customize Every Key in iCUE:</b> Take command with CORSAIR iCUE software, unlocking per-key adjustments, rotary dial and media button programming, RGB customization, key remaps, and more.</li> </ul> <p>* Function keys and non-primary keys feature CORSAIR MLX switches.  ** FlashTap will be disabled by default both in HW mode and iCUE  *** Recommended range for best accuracy: 0.4-3.6mm  **** 8,000Hz hyper-polling is dependent on CPU; older CPUs may experience reduced performance.</p>

Form Factor	Tenkeyless																									
Top cover	Aluminum plate																									
Bottom	Plastic																									
Sound absorbing foam	Silicone																									
Case foam	Silicone																									
Colorway	Black																									
Keycaps (NA layout)	ABS Double shot																									
Keycaps (non-NA layout)	ABS Paint																									
Backlighting	Individually LED lit and per-key programmable																									
LED Color	RGB																									
Keyswitches	61 keys (ANSI layout) or 62 keys (ISO layout) or 65 keys (JP layout): CORSAIR MGX Hyperdrive magnetic pre-lubricated keyswitches, 30 - 55g actuation force, 0.1-4.0mm* actuation distance (in 0.1mm steps), 4.1mm total travel, guaranteed for 150 million keystrokes																									
	23 keys: CORSAIR MLX Plasma linear mechanical pre-lubricated keyswitches, 45g actuation force, 2.0mm actuation distance, 4mm total travel, guaranteed for 80 million																									

	keystrokes
Connectivity	1 x USB 3.0 Type-A
Matrix	Full key rollover (NKRO) with 100% anti-ghosting
USB Report Rate	Up to 8,000Hz hyper-polling with CORSAIR AXON
On-Board Profiles	5
Media Control	Hotkey*1
Game Mode	Hotkey*1
Brightness Control	FN shortcuts/Rotary dial
Adjustable Height	Yes
Plug and Play Operation	Yes
Console Compatibility	Xbox One, Xbox Series X S, PlayStation 4,5
Cable	1.8 m / 6 ft, USB Type-C to Type-A, black, tangle-free rubber
Dimensions	366mm*135mm*39.8mm
Weight	967.14g
Warranty	Two years – Local country regulations are applicable

<b>Package Contents</b>	K70 PRO TKL Hall Effect Programmable Keyboard, Detachable magnetic cushioned palm rest, Braided USB Type-C cable, Safety leaflet, Warranty card
