Product Reliability

55EW5Q-C

Screen Size	55"
Panel Technology	OLED
Native Resolution	1,920 × 1,080 (FHD)
Brightness	200 / 600 nit (APL 100% / 25%, without Glass)
Contrast Ratio	200,000 : 1
Portrait / Landscape	Yes / Yes

High Transparency

LG's OLED technology enables the Transparent OLED Signage to have a sleek design without the need for a backlight unit or liquid crystal layer, achieving an impressive 43%* transparency. It clearly displays objects behind the screen while overlaying relevant information right in front of them.

* The Year of Measurement : 2022

Measurement Method : Checking Transparency Using a Hazemeter
 Conducted by : LG Display - internal testing

Protective Tempered Glass

Touching a display directly can cause damage or scratches. The tempered glass in front protects the product from such external impacts and its anti-shatter glass is designed to help minimize customers' injuries.

* Optically Clear Adhesive

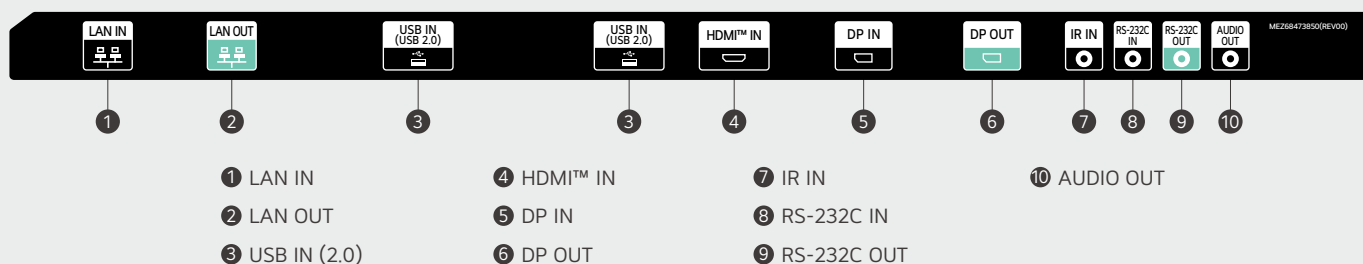

Sleek Elegance in Transparency

By connecting spaces and creating a sense of openness, this transparent display features a stunning design that enhances high-end furniture and luxurious interiors. It is designed as a semi-assembled display, allowing for versatile installation options to seamlessly integrate into existing structures and spaces.
